FOREWORD

These are the papers presented at the LOGIC PROGRAMMING WORKSHOP'83, which took place at Hotel Alfa-Mar, Fraia da Falesia, Albufeira, Algarve, in Portugal, from June 26 to July 1, 1983.

The workshop was organized by the Nucleo de Inteligencia Artificial, of Departamento de Informatica, Faculdade de Ciencias e Tecnologia, Universidade Nova de Lisboa.

We thank everyone who helped us in organizing this event, and all the participants for their contribution.

We further thank, for their financial support :

Direccao Geral do Ensino Superior
Instituto Nacional de Investigacao Cientifica
Junta Nacional de Investigacao Cientifica e Tecnologica

Thanks are also due to the Servicos Graficos da Universidade Nova de Lisboa.

We expect that a refereed selection of these papers will be soon published in book form.

To obtain a copy of the proceedings delivered by air mail send 1,700 Escudos or equivalent, by personal check or otherwise, to
